

Online Services at Athol Road Primary School 25/02/2020

What type of online services are used at our school?

Our school uses a variety of online services to support and enhance our students' educational experiences and to create a high quality and innovative learning environment. Please click the following link to read important [Privacy information for parents, guardians and carers at primary schools](#). These online services enable our school to deliver its standard functions and activities:

- 1) teaching and learning;
- 2) communication and engagement with parents;
- 3) student administration (including supporting students' social and emotional wellbeing, and health);
- 4) school management;
- 5) complying with legal requirements; and
- 6) any other purposes stated in the [Schools' Privacy Policy](#)
- 7) Academic Assessment & Reporting
- 8) Attendance
- 9) Events Management
- 10) Health and Wellbeing – Behavioural Management
- 11) Health and Wellbeing – Support for Special Needs or At-Risk Students

Some standard school functions have mandatory activities that involve online services. For standard school functions which are non-mandatory activities involving online services, parents may be able to opt out or ask for alternative arrangements.

Our school collects, uses, discloses and stores student and parent personal information on these online services in order to deliver its standard functions and activities, for reasonably expected related secondary purposes, or where otherwise where permitted by law. Unless stated, we do not rely on consent as the basis for use and disclosure of students and parent's personal information.

A list of online services is available at the bottom of the page.

How do we protect personal and other information?

Our school is bound by the Privacy and Data Protection Act 2014 and the Health Records Act 2001. These Victorian privacy law require schools to handle personal and sensitive information in accordance with the appropriate principles such as the ten [Information Privacy Principles](#). Privacy impact assessments, appropriate contractual documents and monitoring ensure data is securely and appropriately handled. Our School also provides digital citizenship advice to assist students to have safe and positive experiences online (based on Bully Stoppers and Australian Government's Office of the Children's eSafety Commissioner Website).

What content and materials your child will be able to share through the online services?

Students own the copyright in any work they create if it is their original work. Please note that students may only use the work of another student in the course of collaborative or group work, or with the permission of the other student. Students may create a variety of work such as:

- artwork or photographs
- video or digital story
- school projects and assessment materials
- podcasts and other streaming outputs
- written work, such as assignments, essays or poetry

Where this work contains information that is personally identifies themselves or others, the school will guide students on the ethical considerations such as respect and consent. The reproduction of student work is often used to demonstrate excellence and celebrate the efforts of students with the wider community. The school asks students for permission to reproduce and publish student work in this way.

What school policies and support apply to these services?

The following school policies also apply: Acceptable Use Agreements, Student Engagement Policy, Photography and Filming Policy, Cybersafe Policy. These policies will be used to inform the school

community on acceptable behaviours. Our school policies are available from <https://atholroadps.vic.edu.au/learning/#digital>

Students will be supported to develop Cyber Safe practices online. In some instances, inappropriate use of online services may require personal information such as messages or comments in the system to be discussed with a child and their family.

Individuals have the right to request access to their personal information. If you have any questions, please contact Ruby Toombs - Principal at the School on (03) 9547 1224
